The Top Trending Paint Projects of
the Year to Tackle at Home

(StatePoint) Need fresh ideas and practical tips to elevate your home’s interiors?

Backed by in-depth research, FrogTape brand painter’s tape’s “What’s Trending” report reveals the top projects on DIYers’ wish lists, and as well as how fixer-uppers of all skill levels can bring these emerging projects to life:

1. Furniture Flips. Nearly 80% of DIYers say they’re considering upcycling old furniture with a little paint within the next year.

2. Creative Cabinets. Painting kitchen or bathroom cabinets? Use a low-adhesion, premium painter’s tape. A great choice is FrogTape Delicate Surface Painter’s Tape. Its exclusive PaintBlock Technology seals tape edges and blocks paint bleed for sharp paint lines, and was specially designed to prevent damage on freshly-painted surfaces.

3. Color Drenching. Creating a canopy of one rich, deep hue across an entire room—including walls, trim and even the ceiling—is among the year’s most sought-after painting projects. Use drop cloths or paint tarps to protect flooring and furniture, and FrogTape Multi-Surface painter’s tape to separate areas and ensure sharp lines.

4. Touches of Texture. Homeowners are making interiors feel warm and welcoming by adding depth and dimension to walls, accent furniture and fireplaces. Another emerging technique is applying limewash paint—a mixture of crushed limestone and natural pigments—for a texturized, moody finish.

5. Nature-Inspired Murals and Faux Wallpaper. Whether it’s hand-drawn organic shapes or botanical brushstrokes, DIYers are favoring nature-inspired elements to make walls pop. Consider using painter’s tape or stencils to gain confidence in your design.

No matter which project you undertake, the right painter’s tape can help you realize your beautiful, on-trend vision.
