Tongue In
Cheek

When 37-year-old Ambra Collina, who hails from Bologna, Italy, sticks her tongue out at you you're bound to make a double take. It's bigger than a ping pong ball. In fact, it's so big that the Guinness judges have declared it to be a world record breaker. Her tongue's circumference is 5.44 inches in size. According to Guinness, until now, "her tongue inflating was simply a fun party trick to impress her friends. And after doing some research, she realized she could very well hold the female record.
