The Cotton County Board of Commissioners (BOCC) discussed the Walters/Cotton County E911 Trust Authority Board’s (E911 Board) refusal to accept Lori Hedges as the BOCC’s representative. The BOCC also discussed the E911 Board’s choice to appoint someone of their own choosing if the BOCC did not appoint someone to take Hedges place within 60 days. The BOCC appointed retired Undersheriff Gary Whittington as their representative, citing his years of experience working with various dispatching centers from various areas. Commissioner Grimes provided an overview of the Oklahoma 911 Management Authority class that he attended on consolidating 911 centers in order to provide the most efficient end to end operation. According to the consultant speaking at the class there is no way the funding E911 receives will be able to sustain them long term without considerable support from other sources including grants. However, E911 centers are required to be audited before they qualify for grants. Aside from regular monthly expenses like payroll, utilities and supplies, things like training, updating and renewing equipment must also be considered. Commissioner Grimes suggested the Board and the County as a whole educate ourselves regarding all options available and what the County’s E911 needs are exactly. A full summary will be provided to the Board members at a later date. No action taken.

Mosqueda advised the courthouse will be participating in the Trick-or-Treating for the kids on Friday October 30, 2026.

Anderson inquired about the recent swearing-in of a new Excise Board member, having heard about it at a coffee shop. Schappert informed him that the Judge appointed Edward Eschiti. Anderson expressed his disagreement, finding it hard to believe that the Judge made this decision on his own. Grimes remarked that the Tax Commissioners, the Judge, and the County Commissioners should be involved in such decisions. Anderson noted that the County is currently facing a lawsuit related to Eschiti and stated

Honeycutt mentioned that he was unaware of the situation until that day. Schappert stated the Judge made the choice and that the Commissioners can certainly speak with the Judge.
